

Current Giving

The easiest way for your clients to make a gift today is through our online form. If they are interested in creating their own fund with an initial investment of \$25,000, the chart below offers an at-a-glance comparison of options (also available for download in our Current Giving Options brochure). Our different types of funds offer you a choice between permanence and flexibility. Each of these is potentially a tax-advantaged, low-cost alternative to a private foundation. Most importantly, donors are able to access the grantmaking, fiduciary, and community expertise of our experienced professional staff.

We are eager to answer your questions or set up a meeting to discuss a gift.

Please email the Philanthropic Engagement Department or call 585.271.4100.
