

INVESTING IN POSITIVE CHANGE

Two overarching goals drive our competitive grantmaking — **creating an equitable community** and **strengthening our region's vitality**. This focus helps us and our community partners close achievement and opportunity gaps in city schools, foster racial understanding, and tackle the root causes and devastating impacts of poverty, as well as support the arts, preserve historical assets, and promote successful aging.

From April 1, 2018 to March 31, 2020, the Community Foundation's board of directors approved the following competitive grants (categorized under the two main goals and each of their three action areas). Forever (unrestricted) and field of interest funds make possible most competitive grants.

A number in parentheses indicates how many grants were received for the same project during the two-year period and are included in the grant total. Symbols listed in the key at the bottom of pages indicate grants from funds that have their own application processes. Learn more about our grants at racf.org/Grants.

CREATING AN EQUITABLE COMMUNITY

\$4,905,159

Closing Academic Achievement and Opportunity Gaps

GRANTS

Giving Circle Grants \$560,208

The five giving circles at Rochester Area Community Foundation provide an entrée to philanthropy for their more than 300 members. Each giving circle has its own mission. Members contribute annually to the giving circle's fund and, in most cases, they vote on grants vetted and recommended by other members or a grant review committee.

Get more information on these dynamic groups of donors at racf.org/GivingCircles.
